

PLOUET et al. S.N. 09/091,561

IgG, to eliminate the anti-allotypic or  
isotypic antibodies,

- [•] (ii) an immunoadsorption on an affinity column  
prepared with the anti-VEGF IgG, to purify the  
anti-idiotypes.--

CB  
Conclude

R E M A R K S

Certain further informalities in several of the  
claims have been brought to Applicants' attention, and are  
corrected herewith.

Respectfully submitted,

YOUNG & THOMPSON
